

WATER WATCHER

children'shealth?

AS THE WATER WATCHER ON DUTY, I PLEDGE TO:

- 1. Always watch the children in and around the water.
- 2. Wait to socialize and drink alcohol until I am off duty.
- 3. Make sure children are wearing the right personal flotation devices.
- 4. Wear this tag to identify myself as the Water Watcher.
- 5. Stay on duty until another Water Watcher takes over.
